***Note about Bibles:** EVERY student MUST have their own Bible in their office. This can be a version and reading level that is appropriate for them. It will be used for their own personal reading and for Chapel. Bible PACES for the 6th – 12th grade students require a KJV Bible. We have some available for use, but it would be helpful for older students to have their own. This will cut down on time wasted while waiting for one to be available.
